Industrial and Commercial.

MINE, MILL AND RAILROAD.

Two years ago, says the Record, Senator M. B. Williams leased the Thuron colliery property near Pottsville after it had been idle for fifty years. The slope has since been opened and the coal proves to be of excellent quality and thickness. A new company has been recently formed and is known as the Williams Coal company of Pottsville. The members met on Saturday and elected the following officers President, Morgan B. Williams; general superintendent, William T. Smyth; directors, Morgan B. Williams, W. T. Smyth, W. S. McLean, Ben Williams, John H. Williams. All the directors are from Wilkes-Barre with the exception of J. H. Williams, who resides at Scranton. The colliery will soon be in opera-

The anthracite sales agents are to meet in New York today and will endeavor to restrict the tonnage for the month of December. "That they will order a restriction is quite probable," thinks the Philadelphia Inquirer, "but that their directions will be carried out is not so certain. But whatever action they take there is no certainty that prices can be advanced. Coxe Bros., the Erie, Ontario and Western and Susquehanna and Western, besides the individual operators, will not restrict unless they have to and some of them cannot be forced to restrict. Moreover, the season of the year is at hand when the small producer controls the market. The trade season is now over, the demand for coal will be light, and the small operator will fix the price. In the summer time when the production is very heavy the small producer is not an important factor. The demand for coal is then so large that it matters comparatively little what the small producer does, as he is not important enough to make the mar ket. But in the winter time he ea make the large companies follow him With this unruly element in existence the action of the sales agents will have legs weight than it would have had tw or three months ago.

MINOR INDUSTRIAL NOTES:

The Reading Iron company is pr paring to start another of its large bla

Sales are now being made in Ne York at \$2.25 for stove coal, so it is sai which is simply giving the fuel away Lehigh Valley officials decline to sa what attitude they will assume if d mand is made for a list of the company's stockholders.

Railroad accidents in October included 92 collisions, 81 derailments and 9 other accidents, in which 44 persons were killed and 209 injured.

Sixty-eight railroads in the second week in November decreased in gross earnings 2.29 per cent. In the first week seventy-nine railroads decreased 4.62 per cent.

Fifteen hundred employes of the New Fifteen hundred employes of the New Site. afloat; ungraded mixed, 51a5tc York and Cleveland Gas Coal company steamer mixed, 53%a54c; No. 3, 52a524c in Western Pennsylvania have been granted an increase in wages from 55 to 62 cents a ton.

The anthracite coal output for the mount to about 40 ons against 43,089,000 tons in 1893, and pig iron production to 6,545,000 tons compared with 7,124,000 tons in 1893. President Wilbur adheres to his origi-

nal denial of the statement that the Lehigh Valley had granted the concessions in coal rates, as announced in dispatches from Wilkes-Barre and New York. He also says that there was, so far as he knew, no truth in the statement that 5,000 tons of Lehigh Valley were sold in Philadelphia at \$2 a ton.

It is also believed by many, says the Philadelphia Record, that the ultimate result of the present difficulty in the coal trade will be to take from the railroads the sale of the individual operators' product, and to restore the trade to the old order of things that prevailed before the efforts of President McLeod to control the entire anthracite coal

STOCKS AND BONDS.

By the United Press.

New York, Nov. 26.-Business at the Stock Exchange today was on a disappointingly small scale. The opening of the market was irregular. Chicago Gas and a few other prominent specialties showing strength while the other standard stocks were weak. Subsequently the whole list weakened and when the St. Paul statement for October was published the Grangers declined sharply. On its bad statement St. Paul declined from 59% to 581/2: Northwest from 98% to 97%; Rock Island from 611/2 to 61, and Burlington and Quincy from 71 to 701/2. The decline otherwise ranged from 1/4 to 11/4. Chicago Gas and Sugar led. In the late

Thert is no doubt that the life of the great poet was greatly prolonged by drinking the waters of the Sprudel som Spring. In our day we have the Sprudel Spring brought to us in the form of Salt, which is obtained by evaporation from the waters of Carlsbad.

The Carlsbad Sprudal Salt--powder form-sis in no sense a mere purgative, but is an alterative and eliminative remedy which dissolves tenacious bile, allays irritation and removes obstruction by aiding nature. It acts soothingly and without pain. Beware of imitations. The genuine article has the signature of "Eisner & Mendelson Co., Sole Agents, New York," on every bottle.

dealings the higher priced Coalers were decidedly strong on reports of shutting down collieries. A better feeling pre-vailed in the authracite circles since the recent meeting of the presidents in Philadelphia. The market closed irregular. Net changes show losses of 1/4 to 11/4 per cent., St. Paul leading. Lackawanna gained 1/4; Northern Pacific preferred 4; Delaware and Hudson 15s. Transactions were small, footing up only 135,333 shares.

The range of today's prices for the ac-tive stock of the New York stock market are given below. The quotations are furnished The Tribune by G. du B. Dimmick, manager for William Linn, Allen & Co., stock brokers, 412 Spruce street, Scran-

BIG 4 ROUTE. Time tables and information cheerfully S. J. GATES, Gen'l Eastern Ag't, 40 Exchange st, Buffalo, N. Y. M. E. Ingalls, President; D. B. Martia, General Passenger Agent; E. O. McCor-mick, Traffic Menager, Cincinnati, O.

TO OUR PATRONS: Washburn-Crosby Co. wish to assure their many pat-rons that they will this year hold to their usual custom of milling STRICTLY OLD WHEAT until the new crop is fully cured. New wheat is now upon the market, and owing to the excessively dry weather many millers are of the opinion that it is already cured, and in proper condition for milling. Washburn-Crosby Co. will take no risks, and will allow the new wheat fully three

months to mature before grinding.

This careful attention to every detail of milling has

placed Washburn-Crosby Co.'s flour far above other

EGARGEL & CONNELI

Wholesale Agents.

AN IDEAL MN - TOUR
